Dear Mayor McGovern and Lee Gianetti

I'm a freelance journalist in Boston and write on Jewish subjects and the arts. I am the Boston area contributing writer for JTA.org - Jewish Telegraphic Agency. It's the global Jewish news service. I have been following the effort by Mass Against HP to have a resolution introduced in Cambridge.

I know that there is no item on the council's agenda for Monday 4/23. I\ll be filing a news report on Friday morning for JTA and wondering if you have a statement ..or if you have a comment on this development. Or if you'd be available for a brief phone conversation Friday morning..

Thank you - here's a couple of clips of mine, just to confirm who I am..

Penny

It so happens I have an Israel related Cambridge (Harvard) story from a couple of weeks ago..
